

applied social science methodology pdf

Social science is a category of academic disciplines, concerned with society and the relationships among individuals within a society. Social science as a whole has many branches, each of which is considered a social science. The social sciences include, but are not limited to: anthropology, archaeology, communication studies, economics, history, human geography, jurisprudence, linguistics ...

Social science - Wikipedia

The philosophy of social science is the study of the logic, methods, and foundations of social sciences such as psychology, economics, and political science. Philosophers of social science are concerned with the differences and similarities between the social and the natural sciences, causal relationships between social phenomena, the possible existence of social laws, and the ontological ...

Philosophy of social science - Wikipedia
