From The Hartford Institute for Geriatric Nursing, New York University, College of Nursing Best Practices in Nursing Care to Older Adults general assessment series

New York University Rory Meyers College of Nursing Fall

The details about these tools will be brief as books are written about each item. Think of the presentations

below as hors d'œuvres (a little snack food or starters)â€”not the main course. The most important reliability tool is a Pareto distribution based on moneyâ€”specifically based on the cost of unreliability which directs attention to work on the most important money problem first.

Reliability Tools: A guide for their use. - Barringer1.com

By Jason Apps, ARMS Reliability CEO. When it comes to asset management, many organizations continue to be hampered by high costs, a high volume of unplanned failures and, ultimately, an unacceptable level of risk.
