Hold your breath for a count of seven. Exhale completely through your mouth, making a whoosh sound to a count of eight. This is one breath. Now inhale again and repeat the cycle three more times for a total of four breaths. Note that with this breathing technique, you always inhale quietly through your nose and exhale audibly through your mouth.

Breathing Exercise: Three To Try | 4-7-8 Breath | Andrew

The breath and the emotions are interconnected, as is seen from the fact that the breath is calm when the emotions are calm, and agitated and labored when the emotions are agitated or out of control.
