Nietzsche. Nietzsche criticized "the genealogists" in *On the Genealogy of Morals* and proposed the use of a historic philosophy to critique modern morality by supposing that it developed into its current form through power relations. But scholars note that he emphasizes that, rather than being purely necessary developments of power relations, these developments are to be exposed as at least ...

Ethics or moral philosophy is a branch of philosophy that involves systematizing, defending, and recommending concepts of right and wrong conduct. The field of ethics, along with aesthetics, concerns matters of value, and thus comprises the branch of philosophy called axiology.. Ethics seeks to resolve questions of human morality by defining concepts such as good and evil, right and wrong ...

That postmodernism is indefinable is a truism. However, it can be described as a set of critical, strategic and rhetorical practices employing concepts such as difference, repetition, the trace, the simulacrum, and hyperreality to destabilize other concepts such as presence, identity, historical progress, epistemic certainty, and the univocity of meaning.
