There are very few books written on the history of street photography. However, the best book that I know: "Bystander: A History of Photography" is superb. The book was co-authored by photography curator and historian Colin Westerbeck and the legendary street photographer Joel Meyerowitz.

### **The History of Street Photography: Timeless Insights You**

The history of the camera can be traced much further back than the introduction of photography. Cameras evolved from the camera obscura , and continued to change through many generations of photographic technology, including daguerreotypes , calotypes , dry plates , film , and to the modern day with digital cameras .
