Now available in a revised and updated version, The Cambridge Illustrated History of Warfare provides a unique account of Western warfare from antiquity to the present day. The book treats the history of all aspects of the subject and places in context particular key events in the history of armed engagement.

The success of A Brief History indicates that there is widespread interest in the big questions like: Where did we come from? And why is the universe the way it is? I have taken the opportunity to update the book and include new theoretical and observational results obtained since the book was first published (on April Foolsâ€™ Day, 1988).
