of saving and investing by following this advice: always pay yourself or your family first. Many people find it easier to pay themselves first if they allow their bank to automatically re-move money from their paycheck and deposit it into a savings or investment account.

### **SEC Saving and Investing**

Classification of Investment Investment classifications differ according to their objectives. Classification based on time standard is the most important one (investment term). Therefore, the market where short-term investment instruments are traded, and has a maturity of less than one year, is called the money market.

such a plan or investment policy statement could be expanded or consolidated. For example, many financial advisors or institutions may find value in outlining the investment strategy; i.e., specifying whether tactical asset allocation will be employed, whether actively or passively managed funds will be used, and the like.
