Factor Four Consulting

The Bible is not confused or vague about the powerful concept it calls love. Greek had four distinct words for love, each with its own shade of meaning: Eros denoted the relationship between male and female, including physical desire, craving, and longing. That word for love is not used in the New Testament.

The Love Factor - Clover Sites

the importance of the study of philosophy and how it relates to the concept of love. Research has concluded that the disciplines of biology, psychology, and philosophy are all important in analyzing love; however, more research needs to be done in order to define what love actually is, and how we can apply this knowledge in our everyday lives.
