In a bygone era, technology may not have been a top priority for small businesses. That's certainly not the case today. In the manufacturing sector, in particular, the rush to embrace and embed new manufacturing technology to break down the barriers between the physical and digital world, known as "Industry 4.0," is the latest example of how organizations are increasingly becoming more ...

People who do not become partners let their egos get in the way. They think they should not have to work so hard, that they should not have to kiss ass, that they did not go to law school to be someoneâ€™s personal assistant, that the quality of the work of their benefactor is not their concern, that they are their own people and can talk about others how they like, that they are employees and ...
