Ridership. Caltrain has an open fare payment system. Caltrain operates on a Proof of Payment System, does not have fare gates, has multiple points of access to the station platforms and does not have Automated Passenger Counters (APCs) on its trains, Therefore Caltrain uses 3 different methods for reporting ridership:

Rail terminology is a form of technical terminology. The difference between the American term railroad and the British term railway (also used by other English-speaking countries outside the US) is the most obvious trans-Atlantic difference in rail terminology (see usage of the terms railroad and railway for more information). There are also others, due to the parallel development of rail ...
