An amber alert (also AMBER alert) or a child abduction emergency alert (SAME code: CAE) is a message distributed by a child abduction alert system to ask the public for help in finding abducted children. It originated in the United States in 1996. AMBER is officially an acronym for America's Missing: Broadcast Emergency Response, but this explanation in fact turns the name into a contrived ...

The first line of code creates a Document object specifying the document's dimensions and left, right, top, and bottom margins, respectively.. Next, we create a PdfWriter object. In doing so we need to specify two bits of information - the Document object being created and a Stream where the Document object's output should be serialized when it is closed. . In the code above we are using a ...
