

wine atlas of australia pdf

The Australian wine industry is the world's fifth largest exporter of wine with approximately 780 million litres a year to the international export market with only about 40% of production consumed domestically. The wine industry is a significant contributor to the Australian economy through production, employment, export and tourism.. There is a \$2.8 billion domestic market for Australian ...

Wine Atlas of Germany: Dieter Braatz, Ulrich Sautter, Ingo

The South Australian wine industry is responsible for more than half the production of all Australian wine. South Australia has a vast diversity in geography and climate which allows the state to be able to produce a range of grape varietiesâ€“from the cool climate Riesling variety in the Clare Valley wine region to the big, full bodied Shiraz wines of the Barossa Valley.
