Visual Studio Team Explorer can't properly open a PDF file - Solution Explorer not available for "open with" setting. We have PDF (and other) files attached to TFS Work Items and in Source Control under TFS. They are not opened correctly (they show up as ASCII, basically) in Visual Studio. The problem seems to be that until you use...

A visual workplace is a self-ordering, self-explaining, self-regulating, and self-improving work environment where what is supposed to happen does happen, on time, every time, day or night because of visual solutions. This definition, which evolved over a decade of implementations, is worth a closer look.

With Visual Basic, you can do the following:   
• Create applications with graphical windows, dialog boxes, and menus   
• Create applications that work with databases   
• Create Web applications and applications that use Internet technologies   
• Create applications that display graphics   
Visual Basic is a favorite tool among professional programmers.
