The use of ought to is similar to should, but it is much less frequent. Like should, the verb ought to does not have a past form. It is only used with reference to the present and the future.

### **Worth your salt Synonyms | Collins English Thesaurus**

Salt was once an important commodity and highly valued. "Worth its salt" is a short form of "worth its weight in salt". In other words if a cow was being sold, it might cost 20 pounds of salt, but if it was an especially valuable cow, it might be worth its weight in salt. Ergo, a 1000 pound cow would sell for 1000 pounds of salt.

### **what does "worth its salt" mean in english?**

Have re-stocked all five volumes of "All Worth Their Salt" at Southshore Convention & Visitors Authority in Hammond where they were nearly wiped out. Signed copies of all volumes also are available at Porter County Museum in Valpo and the Lowell & Cedar Lake chambers of commerce.
