regarding your children's safety. Know that the vast majority of child sexual abuse occurs when there is a one-child/one-adult situation. If such situations can be reduced, so can the risk of abuse. Encourage your child to talk with you about anything that happens that makes them scared or worried.

Please sit down with your young child and read this book with them. Encourage them to color the pictures, ask questions about the lessons, and understand why it is so important to be safe. Above all, assure them that you love them and that you know it is your responsibility to protect them. They should understand that it is always safe to talk to you.

(and the Grown-Ups Who Care for Them!)

1. Your body is your own Children should be taught that their body belongs to them and no one can touch it without their permission. Open and direct communication at an early age about sexuality and â€™private body partsâ€™, using the correct names for genitals and other parts of the body, will help children understand what is not allowed.

Teach your child The Underwear Rule.
