2. Researching Sources. You may use a variety of sources for your research (books, interviews, magazine articles, the Internet, newspapers, etc.) but remember to keep track of where you find your information, and ensure that the work you are including is yours. Asking your parents, teachers and other adults to help with your project can be very helpful, but be sure that you fully understand ...

Website overview: Since 1996 the Study Guides and Strategies Website has been researched, authored, maintained and supported as an international, learner-centric, educational public service. Permission is granted to freely copy, adapt, and distribute individual Study Guides in print format in non-commercial educational settings that benefit learners.

Study Guides and Strategies

Research comprises "creative and systematic work undertaken to increase the stock of knowledge, including knowledge of humans, culture and society, and the use of this stock of knowledge to devise new applications." It is used to establish or confirm facts, reaffirm the results of previous work, solve new or existing problems, support theorems, or develop new theories.
